CONJOINT OPHTHALMOLOGY SCIENTIFIC CONFERENCE

Theme: **From Basics to Breakthroughs:**
Foundations in Eye Care and Frontiers in Ocular Oncology

18th to 20th September 2026

Connexion Conference & Event Centre (NEXUS)
Kuala Lumpur, Malaysia

WELCOME MESSAGE FROM THE ORGANISING CHAIRPERSON – 15TH COSC 2026

Dear Esteemed Delegates, Colleagues and Friends,

It gives me great pleasure to welcome you to the 15th Conjoint Ophthalmology Scientific Conference (COSC) 2026.

Over the years, COSC has evolved beyond being a scientific meeting into a vibrant professional community – one that brings together colleagues, mentors, emerging leaders and friends who share a common commitment to advancing ophthalmic care. Each edition of COSC is made possible through the dedication, collaboration and collective passion of individuals who continue to contribute towards the growth of our profession and the betterment of patient care.

This year, our theme, **“From Basics to Breakthroughs: Foundations in Eye Care and Frontiers in Ocular Oncology,”** reflects the very essence of our work. It reminds us of the importance of strengthening our fundamental knowledge and clinical practice, while at the same time embracing new discoveries, technologies and innovations that are shaping the future of ophthalmology.

COSC 2026 features a distinguished faculty alongside a carefully curated scientific programme designed to provide meaningful learning opportunities for participants at every stage of their professional journey. Through lectures, discussions, practical sessions and the exchange of experiences, we hope to encourage new perspectives, foster collaboration and inspire continued advancement within our ophthalmic community.

Beyond the scientific programme, I hope COSC 2026 will also provide an opportunity to reconnect with familiar colleagues, establish new friendships and strengthen professional networks. It is through these connections and the sharing of knowledge that our community continues to grow and progress together.

On behalf of the Organising Committee, I extend my sincere appreciation to our speakers, faculty members, partners, sponsors, exhibitors, delegates and everyone who has contributed towards making COSC 2026 possible.

Thank you for being part of this important gathering and for your continued support of COSC. It is our privilege to welcome you, and I hope that the knowledge, experiences and friendships gained during the conference will remain with you long after its conclusion.

I wish everyone a rewarding, inspiring and memorable COSC 2026.

Warmest regards,

Associate Professor Dr Nor Fadhilah Mohamad

Organising Chairperson, 15th COSC 2026

Head, Department of Ophthalmology, Universiti Malaya

WELCOME MESSAGE FROM THE SCIENTIFIC CHAIRPERSON & CO-CHAIRPERSON – 15TH COSC 2026

Welcome to the 15th Conjoint Ophthalmology Scientific Conference (COSC) 2026 in Kuala Lumpur.

This year's theme, "**From Basics to Breakthroughs: Foundations in Eye Care and Frontiers in Ocular Oncology**," reflects our aspiration to strengthen the foundations of clinical practice while embracing the scientific advances and innovations that continue to shape the future of ophthalmology. It also embodies the spirit of COSC — bringing together knowledge, experience and new perspectives to support better care for our patients.

As Scientific Chairperson and Co-Chairperson, we are privileged to present a comprehensive scientific programme thoughtfully developed to meet the learning needs of ophthalmic professionals at different stages of their careers. With two parallel tracks spanning a broad range of clinical and subspecialty interests, the programme has been designed to provide a balance of fundamental knowledge, practical insights, scientific developments and opportunities for meaningful discussion.

Across more than 30 scientific sessions, participants will have the opportunity to engage with distinguished faculty through expert presentations, panel discussions, tumour boards, allied health symposia and other interactive sessions. We hope these exchanges will encourage critical thinking, inspire new ideas and provide practical knowledge that can be translated into everyday clinical practice.

Equally important is the opportunity COSC provides for our ophthalmic community to come together. Beyond the lecture halls, we hope the conference will foster new collaborations, strengthen professional relationships and create an environment where experiences and ideas can be shared openly across disciplines and generations.

We extend our sincere appreciation to all our speakers, moderators, panellists, allied health professionals and members of the Scientific Committee whose expertise, dedication and contributions have shaped the COSC 2026 scientific programme. We are equally grateful to all delegates for your participation and continued commitment to advancing ophthalmic care.

We hope that COSC 2026 will be a rewarding platform for learning, connection and inspiration, and that the knowledge and relationships gained during the conference will continue to contribute to the advancement of eye care in Malaysia, across the region and beyond.

We wish you an enriching and memorable COSC 2026.

Warm regards,
